Charles Spurgeon on the book of Esther:

- I. That God places His people in fitting places for doing His Work.
- II. That the LORD not only arranges His servants, but He also restrains His enemies.
- III. That God (in His Providence) tries His people.
- IV. That the Lord arranges even the smallest of events to produce great results.
- V. That the Lord calls His servants to be active.
- VI. That in the end the LORD achieves the total defeat of his foes and the safety of His people.
