Discussion Questions: Genesis 7

1. If it took Noah 100 years to build the Ark, what comments do you think Noah's neighbors made and what do you think Noah response was? Assuming Noah's response, What urgency do you think we should have in warning others of the coming judgment or Revelation?
2. As no one is without sin, what do you think made God declare that Noah was righteous? (See Genesis 6:32 & 7:5) Do you think this required some diligence and courageousness on Noah's part? If so, How do we apply this to our lives?
