Discussion Questions: Genesis 40

1. Where do you think Joseph placed his trust? Was it in the Cupbearer to use his influence with Pharaoh or do you think it was with God? What evidence is there of where his trust ultimately was laid? (see verses 8, 14 & 15)
2. Why do you think the officials waited only three days and then later Joseph had to wait two years to be remembered? What does waiting do when a person is in an oppressed situation? What impact can such waiting have on one's faith development?
3. Why is it important for Joseph to acknowledge God as the interpreter of dreams? What does this say about Joseph's view of God? Why would one place their confidence and trust in a man who does not control all events as opposed to an omniscient, omnipresent, omnipotent God? Do you think this is what the account of Joseph is all about?
