**Discussion Questions: Genesis 41:1-41**

1. What ways do you think that the past experience and hardships Joseph endured prepared him for the powerful position God raised him to? God may not be raising any of us to a position like Joseph, but what work do you think God is preparing you for? Do you think God can use our failures to mold us into the work he has for us? Read Ephesians 2:10.
2. What do verses 16,25,28, and 32 of chapter 41 tell us about Joseph's character? How is this reflected in Pharaoh's thoughts concerning Joseph in verses 38 & 39?
3. God gave Joseph the interpretation of the dreams and yet Joseph had a plan. Where do you think he got the idea for his proposed plan? Do you think God taught Joseph through his hardships, or was the plan inspired at that moment before Pharaoh?
